## **Earbuds Charging**

The white light of the earbuds is always on while charging and light goes off once fully charged.

## **Charging In The Charging Compartment**

The white light flashes slowly during charging and the white light is always on when it is fully charged.

## **Earbuds Low Battery Prompt**

Battery is less than 10%, red light breathing flashes at one-minute intervals with a beep tone.

## **Restore Factory Settings**

When the earbuds are powered on and connected to the device, the earbuds can be restored to factory setting with four taps. One or both ears can be operated.

## IMPORTANT TIPS

- Do not use this product under high temperature, humidity, cold, dust, electromagnetic radiation, and lightning conditions.
- Always use genuine KDM accessories for charging to ensure safety, better performance, and longer device life.
- Charging time should not exceed the given hours.
- Recharge at least once every 30 days to preserve battery lifespan.
- Do not exceed 60 decibels to avoid hearing damage when using for a long time.
- After the end of its life, the product can be sent to a professional recycling agency, do not discard it at will, so as not to pollute the environment.
