Earbuds Low Battery Prompt

Battery is less than 10%, red light breathing flashes at one-minute intervals, prompt tone: battery's low.

Restore Factory Settings

When the earbuds are powered on and not connected to the device, the earbuds can be restored to factory setting with four taps. One or both ears can be operated.

IMPORTANT TIPS

- Do not use this product under high temperature, humidity, cold, dust, electromagnetic radiation, and lightning conditions.
- Always use genuine KDM accessories for charging to ensure safety, better performance, and longer device life.
- Charging time should not exceed the given hours.
- Recharge at least once every 30 days to preserve battery lifespan.
- Do not exceed 60 decibels to avoid hearing damage when using for a long time.
- After the end of its life, the product can be sent to a professional recycling agency, do not discard it at will, so as not to pollute the environment.
