(Microphone transmitter)

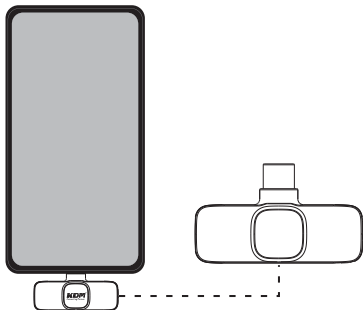

(receiver)

INTRODUCTION

Thanks for choosing our product. This product is a smart wireless microphone that provides professional-grade recording output. Plug and play, no app required. Multiple uses: It can be used in online live broadcast, video Vlog shooting, program interview, recording, video teaching and other occasions.

The wireless Microphone consists of two parts, one is Microphone transmitter, the other one is receiver.

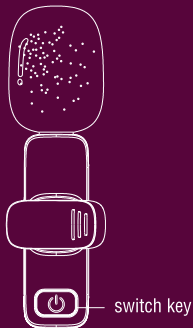

HOW TO USE

Step 1: Connect the receiver to phone with port.

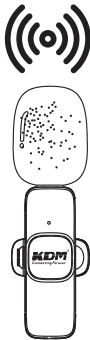

Note: oppo / vivo / iqoo/ realme/ OnePlus/ Redmi/ MI brand mobile phones can be used normally only when they go to the settings (search "OTG" - turn on OTG power supply)

HOW TO USE

Step 2: Press switch key of microphone, the indicator light turns green, and then power is turned on.

HOW TO USE

Step 3: The indicator red light of receiver keeps always on, then open the phone camera, live App or other Apps, and then to use the microphone to receive sound.
